

The Digital Filmmaking certificate provides training in video, audio, editing techniques and visual effects. Combine this certificate with Apple Certification in Final Cut Pro or Logic Pro.

This program is designed to prepare students for an internship, entry-level employment or business.

Students are responsible for purchasing their own camera and supplies.

Notes: A digital video camera is required for the Digital Filmmaking certificate.

Although any type of digital video camera or stills camera with video mode may be used for class, optimum features include: A High Definition Video Camera with manual control of focus, exposure, aperture, white balance and gain; headphones and microphone jacks, audio input volume control. Video capable DSLRs are okay. Price range: \$1,000-3,500.

A tripod is also required. Price range: \$240 and up. Suggested tripod: Bogen Manfrotto 055XDB or comparable. Go to the Accessory section at B&H to select a tripod head.
