Administrative Medical Coding and Billing Specialist

This certificate in coding coursework includes the basic, intermediate, and advanced levels necessary to compete in health care information technology occupations.

Course 38104, Medical Terminology and Human Anatomy, is a prerequisite for ICD-10 and CPT-4 courses. However, students who have successfully completed a medical terminology and human anatomy class at another educational institution may contact the program supervisor to verify completion and to arrange to test out of the class. Medical coding and billing training prepares you for the national CPC exam to become a certified professional coder.

Required Classes (4)

CPT-4 Coding Specialist (Basic, Intermediate, Advanced)
ICD-10 Coding Specialist (Basic, Intermediate, Advanced)
Medical Billing and Healthcare Specialist
Medical Terminology and Human Anatomy for Coders
New tuition for all courses beginning January 2018 is \$1089

CPC National Certification Boot Camp

This five hour fast paced boot camp will prepare students to take the CPC® national certification exam. All sections of the exam will be reviewed and testing techniques/tools will be covered. The boot camp will conclude with a timed mock exam. Students must bring their current editions of the CPT-4, HCPCS and ICD-9 coding books. Course material is included in course fee. Prerequisite: Course #38104, #38102, #38105 or equivalent.

Course: 38112	5 hours	1 session	\$149
May 26, 2018	Sa	8:00am-2:00pm	

Testing Strategies

There are many areas of study including Medical Terminology/Anatomy, CPT, ICD-10 and HCPCS coding that examinees must have a solid understanding of in order to successfully pass the certified professional coder (CPC) exam. This course is for students who have successfully completed a UNMCE coding program and is designed as preparation for the next step, taking the CPC certification exam.

Course: 38113	5 sessions	5:00-8:30pm	\$349
Apr 17-May, 15 2018

MEDICAL CODING AND BILLING

➤ Required Books are included in tuition.

CPT-4 Coding Specialist (Basic, Intermediate, Advanced)

This is an intense CPT coding course. Begin at the basic level, where students gain an understanding and foundation of CPT-4 coding, then progress into evaluation, management, and surgery sections, followed by all other organ and body systems. The course concludes at the advanced level by coding from the medical record documentation. There will also be a complete review of modifiers. Prerequisite: Medical Terminology and Human Anatomy for Coders.

Course: 38102 **36 hours** **12 sessions** **\$1089**
Jan 18-Feb 26, 2018 **MTh** **5:30pm-8:30pm**

ICD-10-CM Coding Specialist

This is an intense ICD-10-CM coding course, which starts with the format and convention behind the International Classification of Diseases, then builds upon these coding fundamentals until the student can code complex diagnoses from the medical record documentation. Prerequisite: Medical Terminology and Human Anatomy for Coders.

Course: 38105 **36 Hours** **12 sessions** **\$1089**
Mar 5-Apr 12, 2018 **MTh** **5:30pm-8:30pm**

➤ MEDICAL RECORDS AND HEALTH INFORMATION TECHNICIANS

Related Job Titles:

Coder, Billing Specialist, Coding Auditor, Coding Compliance Specialist, Health Information Clerk, Medical Records Clerk.

HCPCS Level II Coding

This course covers level II of the HCPCS coding system. HCPCS level II is a standardized coding system that is used primarily to identify products, supplies, and services not included in the CPT codes, such as ambulance services and durable medical equipment, injections, prosthetics, orthotics, and supplies (DMEPOS). A complete review of HCPCS level II modifiers and their relationship to CPT-4 codes will also be covered. A basic knowledge of CPT coding is desired.

Course: 38120 **10 hours** **4 sessions** **\$529**
May 17-29, 2018 **TTh** **5:30pm-8:30pm**

Register for 3 or more courses and get a 10% discount.
